APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source and is for flood and surplus water only. It is expressly understood and made a condition of this permit that diversion of water by the applicant shall cease immediately upon notification from the State Engineer that a shortage of water exists in the source herein described. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before July 8, 1917.

Proof of commencement of work shall be filed before August 8, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before July 8, 1919.

Application of water to beneficial use shall be made on or before April 8, 1922. Proof of the application of water to beneficial use must be filed with State Engineer on or before May 8, 1922.

Proof of labor filed Aug. 4, 1917.

Map filed OCT 30 1917. WITNESS MY HAND AND SEAL this 8th, day

of May, 1917.

Filing of further proofs under this permit abrogated by reason of issuance of permit #4946.
